

CH401M2

NSN# 3920-01-508-6622

CH401M2 is a two-wheeled, heavy duty, multi-purpose, collapsible cart which multiplies the effectiveness of men in the field while reducing fatigue. When combined with the available accessories, a package results that is unmatched in its ability to deploy personnel, equipment and supplies with limited manpower. The CH401 models have the unique capability of adapting to transport stretchers, tents, ordnance and a host of other equipment when outfitted with a set of accessory clamps and racks. The CH401M2 is currently being deployed by the US Army. Standard components include a Carry Bag, Wagon with Hard Polymer Bottom and Ends, and a pair of Detachable Saddlebags. Available accessories include, Dual Wheels (CH471 NSN# 3920-01-511-3701), four (4) Accessory Clamps (CH411), Fiberglass Composite Canisters (CH661 Series), Harness (CH491) and either Raven or Talon Stretchers. Custom Racks and Mounts are available. Unit weighs 80 lbs. with a cargo capacity of 500 lbs. Cargo area is 22" x 55" x 10".
